# NATURAL TREASURES X

# INTRODUCTION

We are pleased to present an exceptional collection of natural wonders from around the world.

We continue to be inspired by nature and the ability of these crystals and mineral formations to create intense emotions and reactions, such as those we experience when we admire any form of art.

All of these pieces have been selected for their aesthetic, rarity, condition and quality.

Our mission is to bring the beauty of these works from obscure mines around the world and into people's lives. We hope to awake your curiosity and immerse you in a world of natural treasures.

NO. 988

## TWIN GREEN TOURMALINE IN QUARTZ

---

**Place of origin:** Brazil

**Height (Including Stand):** 12.5 cm

**Dimensions:** H 6.5 cm x W 4.5 cm x D 4.5 cm

**Condition:** This is an original piece without any restoration

A striking composition of nature's elegance, this beautiful specimen features two rich green tourmaline crystals dramatically piercing through a luminous white quartz matrix.

The contrast between the translucent, verdant tourmaline and the icy clarity of the quartz creates a naturally sculptural aesthetic, giving the piece an almost architectural presence. Sourced from Brazil, a region renowned for producing some of the world's finest tourmalines, this miniature treasure showcases both rarity and refined balance.

NO.1060

## GEM TOURMALINE ON MATRIX

---

**Place of origin:** Pakistan

**Height (Including Stand):** 9.5 cm

**Dimensions:** H 8 cm x W 9.5 cm x D 7 cm

**Condition:** This is an original piece without any restoration

A striking, gem-quality green tourmaline rises from its natural matrix, forming a perfectly balanced composition that is both powerful and elegant.

Sourced from the renowned deposits of Pakistan, this exceptional specimen showcases a vibrant, lustrous crystal with superb glassy transparency and razor-sharp termination — characteristics that mark it as true gem quality. Its deep emerald-green hue and flawless form stand in dramatic contrast to the rugged, pale matrix, elevating its visual impact and sculptural presence.

NO.1069

## BICOLOR ELBAITE ON MATRIX

---

**Place of origin:** Pakistan

**Height (Including Stand):** 6.5 cm

**Dimensions:** H 4 cm x W 4 cm x D 3.5 cm

**Condition:** This is an original piece without any restoration

An extraordinary specimen featuring vertically aligned, gem-quality bicolor elbaite tourmaline rising through a sculptural matrix of bladed white cleavelandite and glassy quartz.

This piece, from the renowned mineral-rich regions of Pakistan, showcases the rare beauty of elbaite's natural color zoning — transitioning from deep bluish-green to a soft sky-blue at the termination. A highly aesthetic, museum-grade composition that combines contrast, geometry, and purity in perfect harmony.

NO. 1070

## RUTILATED QUARTZ SPHERE

---

**Place of origin:** Brazil

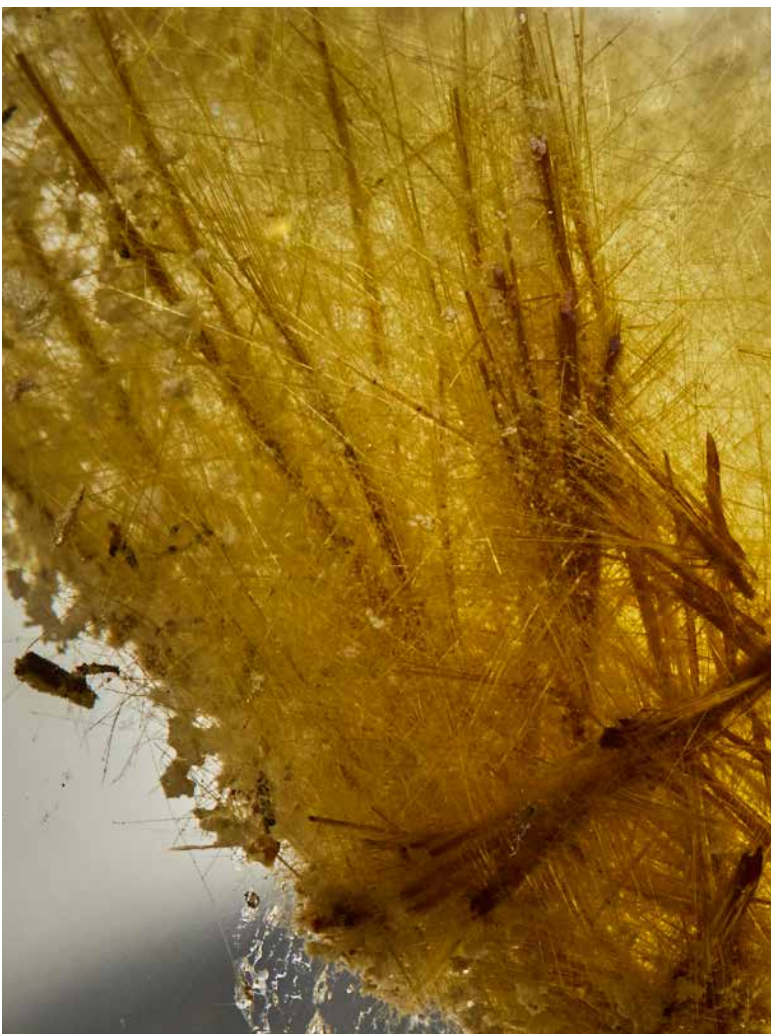

**Height (Including Stand):** 16 cm

**Dimensions:** Diameter 8.5 cm

**Condition:** This is an original piece without any restoration

This captivating transparent rutilated quartz sphere from Brazil reveals a delicate internal landscape, where golden inclusions blossom like suspended flowers within crystal. The intricate patterns resemble tiny petals or radiant bursts, gently frozen in time.

Its smooth, polished surface enhances the natural brilliance of the quartz, offering exceptional clarity and allowing every detail of its inner beauty to shine through.

NO. 1071

## GOLDEN PYRITE IN QUARTZ SPHERE

---

**Place of origin:** Brazil

**Height (Including Stand):** 14 cm

**Dimensions:** Diameter 6.5 cm

**Condition:** This is an original piece without any restoration

This luminous quartz sphere from Brazil features brilliant golden pyrite inclusions suspended within its crystal-clear interior. Each metallic bloom catches the light like miniature stars, floating in a serene, transparent landscape.

NO.1072

## INNER LANDSCAPE – QUARTZ SPHERE WITH CRYSTAL INCLUSION

---

**Place of origin:** Zambia

**Height (Including Stand):** 12 cm

**Dimensions:** Diameter 5.5 cm

**Condition:** This is an original piece without any restoration

This stunning quartz sphere from Zambia reveals a hidden world inside. From its clear surface, you can see unique mineral formations that rise like tiny mountains. At the center, a second crystal seems to float in time, caught in the middle of its growth.

Expertly polished, the sphere offers a clear window into this miniature landscape—full of depth, mystery, and natural beauty. It's a piece that invites endless fascination.

NO.1073

## SKY PILLAR – AQUAMARINE

---

**Place of origin:** Skardu, Pakistan

**Height (Including Stand):** 9.5 cm

**Dimensions:** H 7.5 cm x W 9 cm x D 7 cm

**Condition:** This is an original piece without any restoration

Rising with crystal clarity from its rugged white matrix, this stunning aquamarine specimen from Pakistan captures the essence of elegance and strength. The perfectly formed, transparent blue crystal stands tall like a pillar of frozen sky, contrasting beautifully against the rough, mineral-rich host rock.

NO. 1074

## POLISHED COPPER QUARTZ WITH GREEN ACCENTS

---

**Place of origin:** USA

**Height (Including Stand):** 26 cm

**Dimensions:** H 24 cm x W 11.5 cm x D 4.5 cm

**Condition:** This is an original piece without any restoration

This striking polished quartz slice from the USA features rich native copper inclusions that streak through the stone like molten metal, framed by natural green tones that evoke a painterly, abstract landscape. The mirror-like surface enhances the contrast between the earthy copper and the pale quartz, giving it both a refined elegance and raw natural energy.

NO. 1075

## NATIVE COPPER SCULPTURE

---

**Place of origin:** USA

**Height (Including Stand):** 21.5 cm

**Dimensions:** H 13.5 cm x W 6.5 cm x D 5.5 cm

**Condition:** This is an original piece without any restoration

This remarkable specimen is a pure mass of native copper from the USA, showcasing the metal's natural crystalline form with exceptional texture and visual depth. Its intricate surface glistens with metallic luster, highlighting the raw beauty and sculptural power of this elemental mineral.

NO. 1076

## LABRADORITE LIGHTSCAPE

---

**Place of origin:** Madagascar

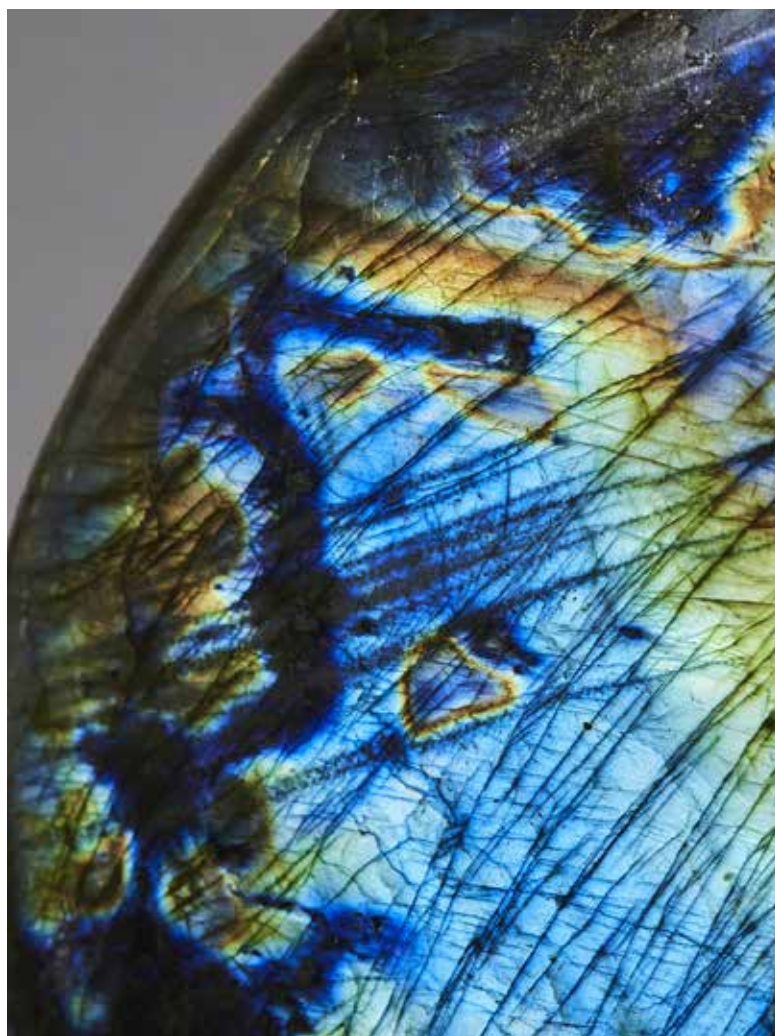

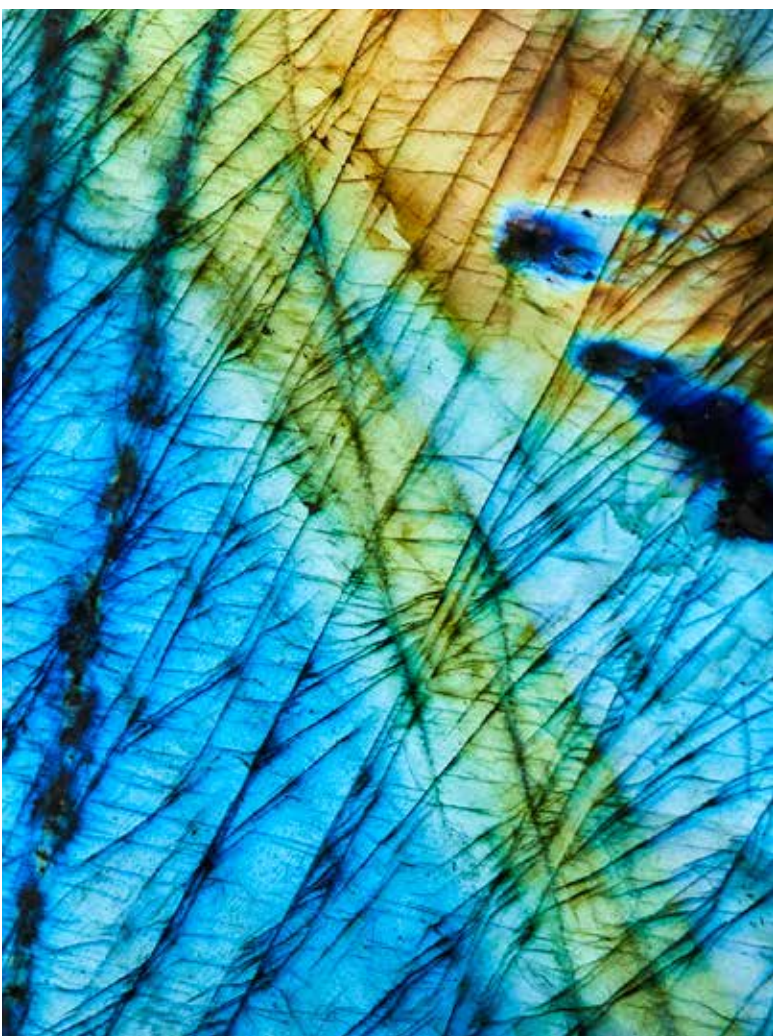

**Height (Including Stand):** 29.5 cm

**Dimensions:** H 24.5 cm x W 17.5 cm x D 9.5 cm

**Condition:** This is an original piece without any restoration

This exceptional polished labradorite from Madagascar reveals a vibrant play of color, with radiant turquoise, green, and golden flashes dancing across its surface.

The internal iridescence, known as labradorescence, creates the illusion of shifting light within the stone — a visual experience that changes with every angle. Sculptural and luminous, this piece captures the magic of natural optical phenomena, making it both a collector's treasure and a striking decorative object.

NO. 1077

## LUMINOUS YELLOW SULFUR

---

**Place of origin:** Bolivia

**Height (Including Stand):** 14.5 cm

**Dimensions:** H 12 cm x W 9 cm x D 6.5 cm

**Condition:** This is an original piece without any restoration

This vibrant sulfur specimen from Bolivia glows with an intense, electric yellow hue. Its naturally lustrous crystal surfaces reflect the light beautifully, enhancing the vivid color and overall brilliance of the piece.

You can admire crystals of different sizes across the surface, with sharp peaks and well-defined structures adding to its sculptural quality. Both visually striking and mineralogically significant, this specimen is a radiant example of nature's artistry.

NO. 1078

## AZURITE & MALACHITE HARMONY

---

**Place of origin:** China

**Height (Including Stand):** 18.5 cm

**Dimensions:** H 9 cm x W 9.5 cm x D 6.5 cm

**Condition:** This is an original piece without any restoration

This vibrant specimen from China showcases an eye-catching mix of azurite and malachite in brilliant shades of blue and green. The surface is alive with crystals of varying sizes — from delicate, fine points to more robust, blocky formations — creating a rich texture and depth.

The interplay between deep electric blues and vivid greens adds dynamic contrast, while the natural sparkle gives the piece a gemstone-like brilliance.

NO. 1079

## VELVET FUSION AZURITE WITH MALACHITE

---

**Place of origin:** China

**Height (Including Stand):** 20.5 cm

**Dimensions:** H 10.5 cm x W 10.5 cm x D 6.5 cm

**Condition:** This is an original piece without any restoration

This bold and sculptural specimen features a vibrant fusion of deep midnight-blue azurite and earthy green malachite, naturally interwoven across the surface. The sparkling azurite crystals shimmer like velvet under light, while the malachite provides rich texture and contrast, highlighting the organic formation of these copper-based minerals.

NO.1080

## SIDERITE ON QUARTZ WITH PYRITE ACCENTS

---

**Place of origin:** China

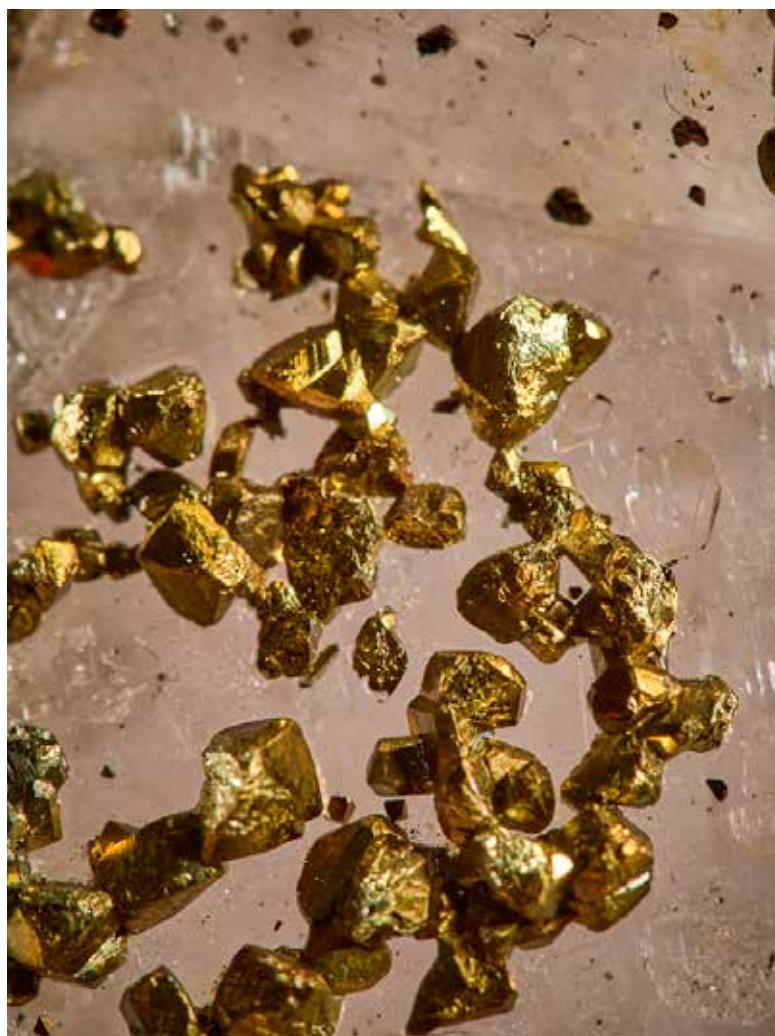

**Height (Including Stand):** 9.5 cm

**Dimensions:** H 6.5 cm x W 5.5 cm x D 4 cm

**Condition:** This is an original piece without any restoration

This elegant specimen from China features a lustrous crystal of siderite perched on glistening white quartz, delicately adorned with golden pyrite highlights. The composition combines soft, earthy tones with sharp metallic contrast, giving the piece both visual richness and sculptural depth. The golden sparkles of pyrite scattered across the surface add a refined brilliance to the piece.

NO. 1085

## POLISHED LAPIS LAZULI SLAB

---

**Place of origin:** Afghanistan

**Height (Including Stand):** 36 cm

**Dimensions:** H 31 cm x W 19.5 cm x D 8.5 cm

**Condition:** This is an original piece without any restoration

This striking lapis lazuli slab from Afghanistan displays an intense, royal blue hue, dramatically intersected by natural veins of white calcite and sparkling golden pyrite. Expertly polished to enhance its saturated color and depth, the piece captures the enduring allure and prestige of one of history's most treasured gemstones.

NO.1086

## SLIM ROYAL LAPIS

---

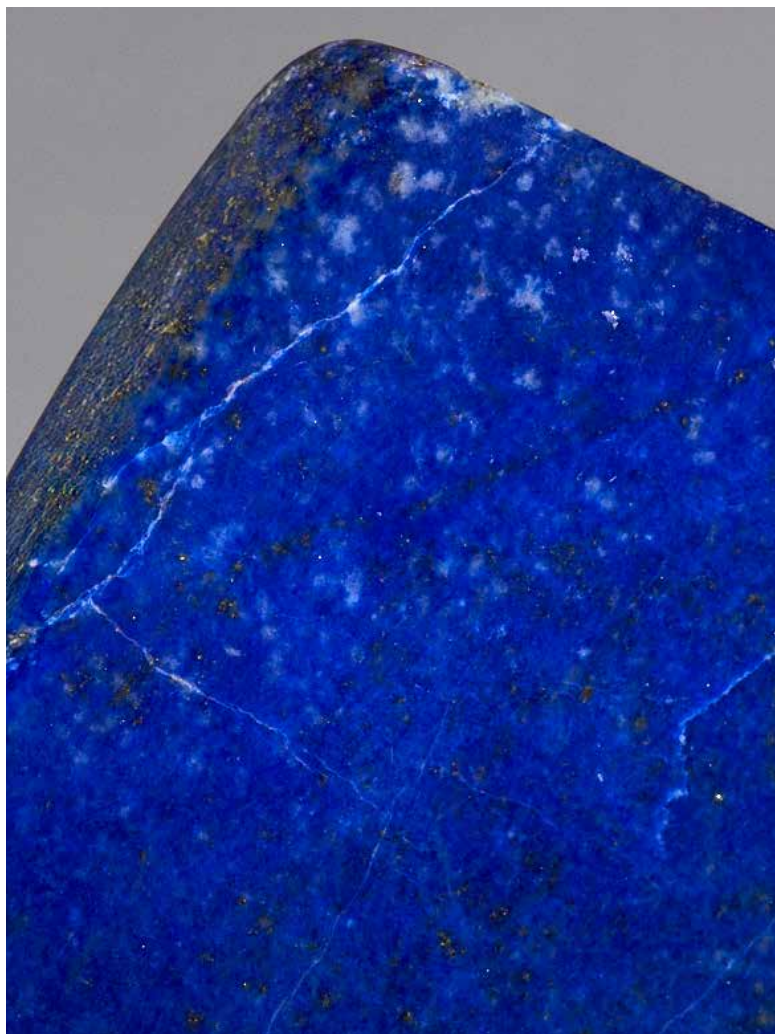

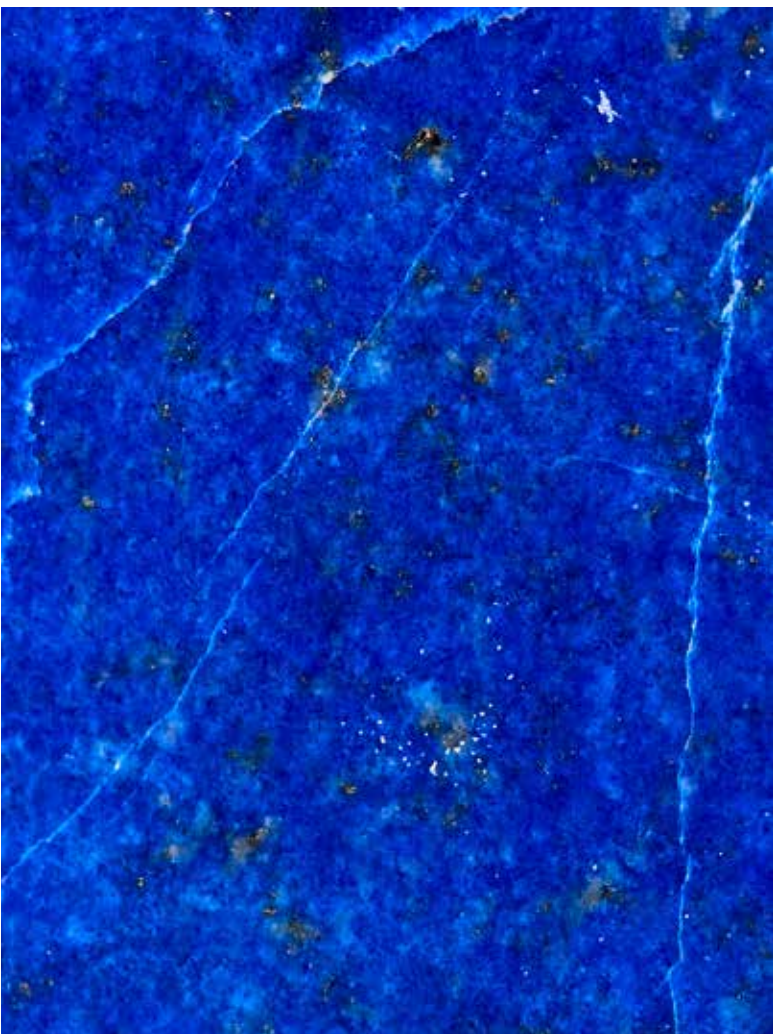

**Place of origin:** Afghanistan

**Height (Including Stand):** 15.5 cm

**Dimensions:** H 13.5 cm x W 12.5 cm x D 4 cm

**Condition:** This is an original piece without any restoration

This refined, slim-cut lapis lazuli slab from Afghanistan showcases an exceptionally deep, velvety blue with subtle golden pyrite flecks and faint calcite veining. Despite its slender profile, the richness of color and quality of polish speak to its superior grade.

NO. 1087

## LAPIS LAZULI SPHERE

---

**Place of origin:** Afghanistan

**Height (Including Stand):** 11 cm

**Dimensions:** Diameter 5 cm

**Condition:** This is an original piece without any restoration

This captivating lapis lazuli sphere from Afghanistan features a deep, royal blue body accented with delicate veins of golden pyrite and soft white calcite.

NO.1089

## PYRITE CRYSTAL SPHERE

---

**Place of origin:** Peru

**Height (Including Stand):** 18 cm

**Dimensions:** Diameter 10 cm

**Condition:** This is an original piece without any restoration

This beautiful pyrite sphere from Peru shines with a golden metallic surface and has crystals of different sizes all around it. Some parts of the sphere are open, allowing you to look inside and see even more crystals growing toward the center. It's a unique piece that shows both the sparkle of pyrite and the amazing patterns nature creates.

NO. 1091

## NATIVE COPPER SCULPTURE

---

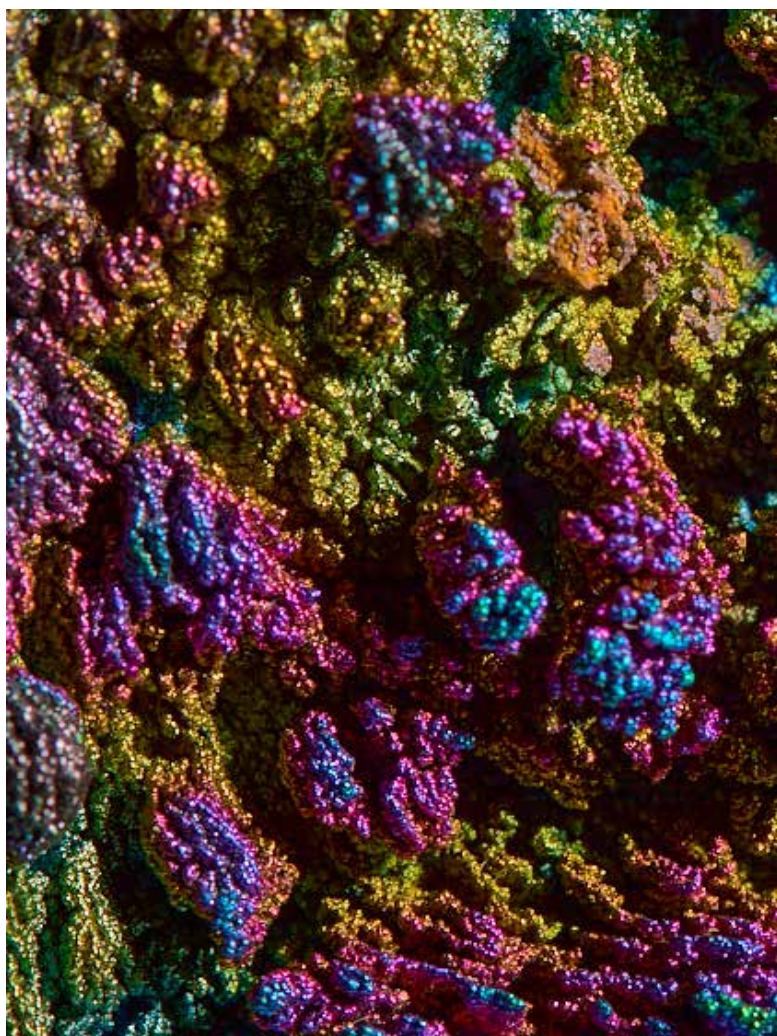

**Place of origin:** Guangdong, China

**Height (Including Stand):** 23 cm

**Dimensions:** H 21 cm x W 16.5 cm x D 7 cm

**Condition:** This is an original piece without any restoration

This extraordinary Goethite specimen from Guangdong, China, looks like a vibrant abstract painting. Its surface shimmers with a rainbow of iridescent colors—purples, blues, greens, and golds—resembling a Van Gogh masterpiece turned into stone.

NO. 1095

## SPECTACULAR AMAZONITE AND SMOKY QUARTZ CRYSTALS

---

**Place of origin:** Colorado, USA

**Height (Including Stand):** 6 cm

**Dimensions:** H 5 cm x W 6.5 cm x D 5.5 cm

**Condition:** This is an original piece without any restoration

This stunning specimen from Colorado beautifully combines smoky quartz crystals with striking turquoise-green amazonite and soft white feldspar. The contrast of colors—rich browns, vibrant greens, and crisp whites—makes it truly eye-catching. Featuring sharp, well-formed crystal peaks of various sizes, this piece has both elegance and power, like a miniature mountain range frozen in stone.
